Notice to Russian educational agencies and other commercial collaborators

Haaga-Helia University of Applied Sciences condemns the military action by Russia and expresses its support for Ukraine.

In line with the recommendations of the Ministry of Education and Culture, all institutional collaboration with Russian and Belorussian universities and other institutions, including private agencies, is suspended until further notice. Compensating Russian agencies for marketing services rendered in the academic year 2021-2022 might also be difficult because of the sanctions imposed on Russian banks.

All members of the Haaga-Helia UAS community will be continued to be treated equally, regardless of nationality, and will continue to have the same rights and services as before.

Study in Finland
