Joint application

Haaga-Helia is a highly business-oriented university of applied sciences in Finland. Our roots are in business and we are professionals with a truly international mindset. We work closely with other companies and communities to build dynamic models for mutually beneficial cooperation.

You can apply to Haaga-Helia's bachelor's degree programmes conducted in English through the Joint application process twice a year, in January and in September. Detailed admission criteria and the application form (only during the application period) are available on [Studyinfo.fi](#). The joint application period for Haaga-Helia's master's degree programmes conducted in English is only in the autumn.

Joint application, spring 2024

3 January 2024 at 8:00 to 17 January 2024 at 15:00 Finnish time (UTC/GMT+2)

The application form will be available on studyinfo.fi during the application period. New students will start their studies in August 2024.

Master's degree programmes

- [Master of Business Administration, Business Technologies and Management \(Double Degree with MCI Innsbruck, Austria\)](#)

Admission criteria and application form

Application process in short

1. Fill in and submit the online application form

Fill in and submit the online application form (available on [Studyinfo](#)) during the application period.

There are several application forms on Studyinfo at the same time, so please make sure you fill in the right one. Read the admission criteria carefully before applying.

2. Attach required documents to the application by the deadline

Attach the required documents to the application by the given deadline (or submit them to Haaga-Helia Admission Services via email). The list of required documents is available on [Studyinfo](#).

3. Wait for an invitation to the examination and prepare for the entrance examination

Haaga-Helia will send invitations to applicants by the deadline given on [Studyinfo](#). More information about the entrance examination on Haaga-Helia's website: [Entrance exams, pre-reading materials and advance assignments](#).

4. Participate in the entrance examination and wait for the results

Participate in the entrance examination. We will publish the results as soon as they are ready.

5. Accept the offered study place and enroll for the academic year

Accept the offered study place and enroll for the academic year by the given deadline. Only those who have enrolled as present will be able to start their studies. Please note that you can only accept one study place from a degree program starting in the same semester. If you have not submitted all the necessary certificates during the application period, you must save them on the application at this stage at the latest. For example, those who have been accepted for Master's

Degree Programmes must submit copies of work certificates of the work experience required for eligibility when accepting a study place.

FAQ - Frequently asked questions

How do I find the application form?

If the application period is ongoing, the application form is available on [Studyinfo.fi](#). Search for the degree programme and you will find the application form as well.

Please note that there may be many application forms open on Studyinfo at the same time, even to the same degree programme depending on the educational background, so please make sure you fill in the right one.

What is joint application?

In joint application to higher education in Finland, you fill in one application form and can apply with the same application for six different degree programmes in either one or several higher education institutions.

NB. It is possible that some degree programmes are not part of the joint application system. In order to apply for those, you have to fill in another (separate) application form e.g. [Rolling admission](#). You may apply in the joint application and in separate application processes at the same time. For Rolling admission, you can only apply for one degree programme at the time. Please always remember to check the eligibility requirements for each application process on [Studyinfo](#).

What kind of education do I need to have to be able to apply for higher education in Finland?

If you are planning on applying for **Bachelor's degree programmes**, you need to have a **higher secondary certificate** (e.g. high school diploma) or higher (e.g. Bachelor's degree).

Please note that during the autumn 2023 joint application student selection will only be made based on Finnish Matriculation Examination and International Matriculation Examinations (IB, EB, RP and DIA).

When applying for **Master's degree programmes** in Haaga-Helia, you need to have a **Bachelor's degree or higher and at least two years (24 months) of work experience after completing the Bachelor's degree**. Relevant degree and work experience depend on the desired degree programme. Either the Bachelor's (or higher) degree or the work experience must be from the field of degree programme.

I have completed my Bachelor's/Master's degree outside Finland, is it ok?

That is OK and recognition by the Finnish National Agency for Education is usually not needed.

Can I get admission just based on my high school diploma?

If you have completed a Finnish matriculation examination, IB (International Baccalaureate), EB (European Baccalaureate), and DIA Diploma (RP Diploma, German Reifeprüfung) you can get admission just based on your high school diploma if the degree programme uses this selection method. Please check the admission criteria for each application round and degree programme on [Studyinfo](#).

If you have completed some other type of high school diploma, you can apply through a separate application i.e. [Rolling Admission](#).

Do I need to submit IELTS or other documents to prove my English language skills?

No, in autumn`s 2023 joint application. If you apply with your SAT test score, the SAT test contains English tasks. In spring`s 2024 joint application you need to submit the document of proofing English language skills. **NOTE!** More information of requirements of proofing language skills and verifying your identity in International UAS exam will be published later: www.uasinfo.fi

Do I get admission points for work experience? How do I prove that I have been working?

If the degree programme uses work experience as a scoring method (see Admission criteria), you can get admission points from relevant work experience. You must prove your work experience with a work certificate (reference) that indicates the time when you have been working and the content of your duties.

Do I need to submit my certificates again? They should be in Haaga-Helia because I have applied earlier.

An application with all required documents is valid only for the application period in question. Therefore all required certificates must be submitted each time you apply.

Can I send documents by e-mail?

Please upload the documents to your online application, it is the safest way to submit the documents to us.

Do I have to pay tuition fee for my studies? How much is the fee?

EU/EEA area and Swiss citizens do not have to pay the tuition fee. Other citizens might have to pay a fee if they do not have a certain type of residence permit in Finland.

The tuition fees in Haaga-Helia are:

- EUR 9,500.00 per academic year for Bachelor's programmes, and
- EUR 10,500.00 per academic year for Master's degree programmes

More information about tuition fees and scholarships in Haaga-Helia can be found on [Tuition Fees and Scholarships | Haaga-Helia](#).
