Name and level of education

Master of Business Administration, Master's Degree

Admission requirements and applications

Act of Polytechnics 9.5.2003/351 20§

Before applying see the admission criteria at www.studyinfo.fi

Scope and duration

The scope of the studies is 90 ECTS completed in 1.5 to 3 years as part-time of full time studies.

Recognition of learning

Studies can also progress through the use of competencies acquired in the past or competencies acquired at work during the studies.

Mode of study

The degree programme in Sustainable Aviation Business is organised completely online, which enables flexible distance learning. The most important study courses in terms of the topic have been selected for the degree programme and they have been scheduled so that a student can study while working and graduate in 1.5 years.

Language of tuition

The language of the studies is English.

Requirements and decrees

The degree curriculum includes core studies, specialisation studies, free choice studies, thesis and maturity test.

Haaga-Helia's operations are governed by [the Act on Studies in Universities of Applied Science 18.12.2014/1129](#) (in Finnish) and [Haaga-Helia's Degree Regulations](#).

Study attainments and assessment

The course assessment criteria are available in the course descriptions. More information about the course assessment is available in [Haaga-Helia's Degree Regulations](#).

Targets and structure

The Degree Programme in Sustainable Aviation Business is planned especially for experts working already in various aviation sectors. The programme prepares the students for work in challenging knowledge work and management positions in the private and public sector in aviation, thus the Degree Programme is based on the future needs of the aviation industry.

After the studies, the graduates will be able to implement change projects and lead the transformation of their organisation toward achieving its higher

competitive advantage in a fast-changing, global and international aviation business environment. They will work in various positions, for example: leading work development projects, planning and implementing business strategies, acting as leaders of their own business domestically and internationally.

Curriculum Structure:

Core Studies 20 ECTS

Specialisation Studies 20 ECTS

Free Choice Studies 20 ECTS

Thesis 30 ECTS

Compulsory studies focus on research and development skills as well as competences needed in developing organisations and leading change. Studies enhance students' abilities in analytical and critical thinking and problem solving. Specialisation studies focus on sustainable aviation business related skills and competences. Studies enhance the students' ability to apply current research knowledge in their professional field. Other studies provide students with more general business competences like brand and human resource management where the focus is on sustainable and responsible business.

Internationalisation

The students represent various nationalities and work in organisations operating in global settings, which allows learning to take place in multicultural teams. The learning assignments mirror professional's work in a global setting. The students can also take part in an exchange program with selected partner universities of Haaga-Helia UAS.

Work placement and cooperation with the business community

The courses include industry and business visitors and address the challenges of organisations and business. In addition, the thesis is a development project undertaken within an organisation.

Career opportunities

The programme encourages students to study and work concurrently, which gives the students the opportunity to integrate real-life projects in studies. This exchange between work and study enhances the skills and competencies the students need to advance professionally.

The programme gives the students excellent qualifications for a variety of managerial and specialist positions in business and other organisations.

Postgraduate studies

For example university studies (Ph.D.) or vocational teacher's programme
